LIFE INSURANCE.

THE KNICKERBOCKER

MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK.

Southern Branch, SAVANNAH, Ga.,

A. WILBUR, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY

$5,000,000.

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY, Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

Importance of Life Insurance.

Read another forcible illustration of how the CONNECTICUT MUTUAL LIFE INSURANCE COMPANY pays its losses:—

"Received, at Raleigh, N. C., Jan 23th, 1869 of S. D. Wait, General Agent of the Conn Mutual Life Ins Co., two thousand five hundred and forty five dollars, in full payment of Policy No. 34,031, and dividend on the life of my late husband, ——, and I hereby surrender all my right, title and interest in the same to said Company.

(Signed) ——— ———, of Newbern, N. C."

We refrain from publishing the names of the parties, because we do not think it advisable to publish one's private business, but will state, although the party had not been insured quite five months, yet received a 50 per cent. Dividend on $45 on the premium paid. The dividends of this Company have been larger than those of any other, averaging over 50 per cent. annually, from the beginning and the present dividend (Feb 1st, 1869,) exceeds the average. On this twenty-fifth annual dividend the Directors have, besides declaring a 45 per cent. dividend upon the premium paid, declared a per centage dividend on the surplus reserve arising from interest which increases the policy holder's dividend annually, and on some policies pays a 70 per cent. this year. They have also adopted a reduced *all cash premium table* with immediate annual dividends.

This company is purely mutual; there are no Stockholders to absorb its earnings. It offers abundant security in a large accumulated fund of over TWENTY-THREE MILLIONS DOLLARS, derived alone from its business, and has $164 assets, securely invested for every $100 of its liabilities.—Its plans of business comprise all the desirable forms of insurance.

ÆTNA

LIFE INSURANCE COMPANY,

T. O. ENDERS, Secretary.
H. W. ST. JOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt Insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid to such, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOSLER, ... *President.*
ABRAM B. POLHEMUS ..... *Vice President.*
WILLIAM H. COLE ..... *Secretary.*
D. S. PACKARD ..... *Consulting Actuary.*
DANIEL AYRES, M. D., LL.D., *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Packer, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, MARCH 2, 1869.

THE LAST WEEK'S WORK.

Last week's work of the Legislature was most unprofitable to the people. Since the world was made, no hundred and seventy representative men never did so little to earn, or rather to pocket, $10,500. A man, from the North, looking in upon the Legislature, declared, "a people who would choose such a looking body to represent them, were not capable of self government." He was especially disgusted with the negro portion of the representatives.—We told him, that was by no means the worst portion, nor was it the most ignorant.

On Friday, in the House, there was nothing done except talk. The Speaker was absent all day. On Saturday, there was scarcely a quorum present. Many of the carpet-baggers got leave of absence, we suppose, to go to the Inauguration.

If we were a vindictive man, we might guess where Joseph was, that he could not appear among the bands. We love, sometimes, to return good for evil, and therefore, will not guess what was the matter with Joseph. Sometimes, however, we act upon the rule, "Do unto others as"—they have done unto you.

Justifying, under this rule, we now publish Joseph as having broken his tickler. It was a pure accident, and occurred in the presence of a lady and several gentlemen.

Joseph, with that indelicacy, so becoming his father, has been by him appointed one of the Directors of the new Railroad running from Chapel Hill to the North Carolina Road. As Joseph journeyed on his way to attend the first meeting of directors, he broke his tickler, in the presence of a beautiful lady, whose face turned as red as wine, to see a nice young beaux, of the City, spill his "*spirits*."

We did not break our tickler, as Joseph and his father published in the *Standard*; nor did we drink on the cars with Governor Vance, as they falsely published.

Lorenzo Dow, or Father Ritchie, if they were living, would say, "so see the finger of providence in all this; it is a punishment on father and son for their disregard of truth."

They published us falsely; our character, as a sober man throughout life, shielded us against the injury they designed to do us by the publication. Now, we publish them in truth: the old man, the *Governor*, he cursing like a sailor, in the presence of the Chief Justice. We publish him as the first Governor of North Carolina who was ever known to visit grog shops.

We publish Joseph, his son, as having broken his tickler on the train. Who will say, after this, there is not a special providence to punish the wicked and the false.

MAJ. ENGELHARD, Editor of the Wilmington *Journal*, attended the meeting of the Southern Press Association recently held in Mobile. In the *Journal* of Saturday, the Major speaks thus hopefully of the South:

"It is most encouraging to persons who have had the opportunity of traveling much through the South to witness the certain and gratifying evidences of rapid recuperation which some portions present, and which must assuredly will soon reach all—If such a wonderful change has been brought about by a single remunerative harvest, what can circumscribe the hope, or even the reality, when the labors of husbandmen shall be blest, season after season, with the rich rewards of their industry and the fertility of their soil. If so much can be done in one year, after three successive failures, and four years of bloody and wasteful war, without the aid of foreign capital, without, even, its sympathy, when labor was disorganized and society itself in a disordered condition, what may we expect when capital and population seek our section, when wise and just laws organize society, and labor is controlled by the great laws of supply and demand; when peace, real, lasting, just and honorable peace, shines benignly with its beneficial presence. Who can contemplate the boundless wealth and power of the Southern States!"

OWN A HOME.—All heads of families—and especially laboring men whose business requires them to reside in or near the city should strive to get homes of their own.—When such men make it a point to buy and pay for a house and lot, and allow no circumstance that human effort can overcome, to discourage the pursuit of the object, they almost invariably succeed. Once beyond the landlord's grasp, too frequently unrelenting and oppressive, the owner of a home, never wants a second experience at renting.

Fifty dollars a year saved in rent will in a very few years pay for a home, and the money, it costs to move and shift about will without any loss of furniture and time, pay the interest of a five hundred dollar judgment against the property until it can gradually be reduced to nothing. This can be done. The effort only, with ordinary prudence and industry, is necessary to success. If the man who tries it fails, he is no worse off—if he succeeds, as any careful man is sure to do, he has made a house and established a credit, neither of which he owned as a renter.

We see by the Charleston papers that Mr. Morgan, connected with the Confederate troops, died at the Pavilion Hotel in that city on Wednesday. He was the business manager of the troops when here, and then appeared in the last stages of consumption.—*Wil. Journal.*

SUPERIOR COURT.—The Spring term of the Superior Court for this county will be held in this city on Monday, the 19th of April. Already there are over 1,000 cases on the civil docket, and 200 on the criminal docket. Before Court is held there will be even greatly increased.—*Wil Journal.*

The wealthiest man in America is said to be young Stevens, son of the late Edwin A. Stevens, of Hoboken, who, when he reaches his majority, will be worth $150,000,000, by the advance of his estate in New Jersey.

Legislature of North Carolina.

SENATE.

MONDAY, March 1, 1869.

The Senate was called to order at the usual hour.

A quorum not being present, Mr. Stephens moved a call of the House.

The roll was called, and absentees noticed. Sundry excuses rendered, &c., whereupon further proceedings were dispensed with in regard to the call of the House.

Mr. Welker introduced a resolution to appoint a Committee, to examine the Calendar, and report bills of an imperative nature, as were required to be acted on, before adjournment of the General Assembly.

On motion of Mr. Jones, of Columbus, the resolution was indefinitely postponed.

Mr. Forkner moved a reconsideration of the vote of Saturday last, by which the motion of Mr. Sweet, relative to the amendment to the Oxford Branch of the Raleigh and Gaston Railroad Charter, was lost.

Mr. Sweet gave the reasons that actuated him in making the motion on Saturday. He thought the matter too indefinite and premature, and tied the hands of the State. He would not at a proper time and with a proper understanding of what we were doing, of ject to a sale of the State stocks at a fair rate. He was opposed, however, to placing her interest in the power of speculators to depreciate the bonds of the State.

Mr. Davis opposed the proposition. He thought the gentleman from Craven (Mr. Sweet) had taken a wrong view of the subject, and argued to sustain his position.

Mr. Robbins thought that there was ambiguity in the phraseology of the 14th section of the Charter, under consideration, and favored the reconsideration, in view of offering an amendment.

Mr. Lindsay favored a reconsideration, and gave his reasons for it.

Mr. Moore moved the previous question. The call was sustained, and the Senate voted to reconsider.

The question was then stated to be upon the bill to amend the act chartering the Oxford Branch of the Raleigh & Gaston Railroad.

Mr. Winstead raised a point of order that was overruled by the President.

Mr. Osborne offered an amendment, the effect of which was to strike out so much of the 14th section of the act, as allowed the exchange of Stock in other Companies.

Mr. Osborne stated, at some length, his view of the whole subject. He thought that gentlemen were wrong in the apprehensions they entertained, relative to the power granted in this bill. He considered it would be a good trade to exchange the State's interest in her works of Internal Improvement, for her bonds at *par*.

Galloway, colored, moved to postpone the further consideration of the subject until Monday next. Lost.

Mr. Robbins then argued to show the objectionable clause in the bill now proposed to be amended. He, like the Senator from Rockingham, would be willing to sell, today, the State's interest in these Railroads for her bonds at par; but this bill did not conclude the transaction now, but left it open, and the time might arrive when it would not be a good policy to be tied up in this way; and it was certain that, as long as the bonds of the State was held higher than par as now, we could not make the trade. But if time and changed circumstances should advance the stock above the ruling price for bonds, then, by this bill, we would be obliged to sell to these Companies. He was opposed to any such arrangement.

Mr. Osborne replied, maintaining that the exchange of bonds for stock at par value was about as good as could be expected.

Mr. Welker understood that the State's object in taking stock in Railroads was not so much to make money by the operation as to aid in establishing them. After they are completed, he thought it wise policy to sell for par and aid other works.

Mr. Robbins again addressed the Senate, in reply to some of the positions assumed by Mr. Osborne.

The discussion was continued, Messrs. Welker, Sweet and others participating.

The previous question was called and carried—the amendment lost by yeas 19, nays 20.

Mr. Sweet offered an amendment repealing all acts authorizing the sale of State stocks, heretofore passed.

The vote being taken the amendment prevailed—on the second reading.

Messrs. Lassiter, Moore, Osborne, Robbins, Scott, Welker and Blythe—each gave reasons explaining their votes upon the above proposition.

The bill was then read the 3rd, time.

Mr. Sweet offered an amendment exempting from the operations of the bill, such roads as authorize the sale of State interest in Wilmington & Weldon, and Wilmington & Manchester Railroads. Carried.

Mr. Robbins explained that he had voted against the sale of the stocks before, and only voted now to disentangle the present bill.

Mr. Forkner moved to postpone further consideration until to morrow.

Messrs. Lassiter and Jones, of Columbus, favored the motion.

Mr. Sweet opposed postponement.

Mr. Graham called the previous question upon the main question, that of the passage of the bill as amended, which was sustained. After an ineffectual effort to adjourn, the vote was taken and the bill passed its 3d reading as amended.

Mr. Barrow, by leave, introduced a resolution amending the rules of order, which, after some discussion was lost.

Mr. Osborne, by leave, introduced a concurrent resolution, appointing a Committee of three on the part of each House, to take into consideration and recommend some action for the relief of the people.

After which the Senate adjourned until to-morrow morning at 10 o'clock.

HOUSE OF REPRESENTATIVES.

MONDAY, March 1, 1869.

The House was called to order at ten o'clock.

A message was received from the Governor, transmitting the report of M. Taylor and R. H. Cobb, Directors on the part of the State in the Albemarle and Chesapeake Canal Company. He recommends that a Commission be raised by the General Assembly to investigate the affairs of the said Company.

Mr. Gatling said he was glad that His Excellency had made such recommendation, &c. There was no reason under the sun why this Company should not pay the State a dividend. Mr. G. then proceeded to give a short account of the mismanagement of the affairs of that corporation, and concluded by saying that he would shortly introduce a resolution looking towards the raising of such Commission as recommended by the Governor, to examine the affairs of the said Company.

The communication, with the accompanying report, was ordered to be printed.

Messrs. Laflin and Reynolds were granted leaves of absence.

A message was received from the Senate, concurring in the House amendment to the bill in relation to the Lunatic Asylum.

RESOLUTIONS.

By Mr. Justice, of Rutherford: A resolution in regard to a sine die adjournment of the General Assembly, on the 23nd instant. Placed on Calendar.

By the same: A resolution raising a Joint Committee of Five to examine and report upon some method to put into circulation a sufficient amount of currency. Lies over.

Mr. Seymour, from the Committee on the Judiciary, reported favorably upon the bill protecting Sheriffs in the sale of lands for the payment of taxes, and unfavorably upon the bill in favor of Mary Crowder. The bills were placed upon the Calendar.

On motion of Mr. Bowman, the rules were suspended, and the resolution adjourning *sine die* on the 22d instant, was taken up.

Mr. Downing moved to amend by saying the 29th instant.

G. W. Price, colored, offered a substitute raising a Joint Committee of two on the part of the House and one on the part of the Senate, to ascertain the business necessary to be acted upon, and to report when, in their judgment, the General Assembly should adjourn.

The question recurring upon Mr. Downing's amendment, the yeas and nays were called, and resulted in a vote of yeas 15, nays 58.

The substitute was then put to a vote and adopted.

Mr. Bowman moved to amend the resolution by saying "that the Committee report at an early a day as possible." Carried.

The resolution as amended was adopted

By Mr. Welch: A resolution in favor of J. A. Justice, of Haywood county.

By Mr. Candler: A bill in favor of J. Sumner, Sheriff of Buncombe.

On motion of Mr. Candler, the rules were suspended and the bill passed its several readings.

On motion of Mr. Gunter, the rules were suspended, and the resolution regulating the *per diem* of members absent without leave, was taken up. [This resolution provides that any member absenting himself without leave, or overstaying his time, shall forfeit his *per diem* every day of such absence.]

Mr. Farrow moved to lay the resolution upon the table.

Upon that motion, the yeas and nays being called, resulted in its rejection, by a vote of yeas 19, nays 51.

Mr. Proctor moved to indefinitely postpone the whole matter. Carried.

On motion of Mr. Jarvis, the rules were suspended, and the bill in relation to the sale of swamp lands belonging to the Board of Education, was taken up.

Mr. Jarvis said the State owned about 90,000 acres in Hyde and the adjoining counties. These lands were now comparatively worthless, yet they were susceptible of great improvement, and, if properly managed, would in time to come, bear the greater part of the burden of the expense necessary to support a liberal system of education, &c. This bill simply said no sale of these lands should be had unless it was reported to, and confirmed by, this General Assembly. He thought it nothing but common prudence that such a safeguard should be thrown around the interest of the State.

Mr. Foster said that this bill was brought forward with a view to future appropriations for draining said lands, in order that some parties might grow enormously rich by speculating in them. He moved to indefinitely postpone the bill.

Mr. Jarvis said that the bill was to prevent speculation, &c. He was informed by a Senator, and member of the Republican party, that a proposition was to be brought forward to appropriate $40,000 to drain these lands, and upon the faith of the passage of such appropriation, the Board of Education would contract to sell the lands to a party for $30,000 in cash, and that party, upon the faith of the passage of the aforesaid measure, has a proposition to sell at $90,000 in cash, thereby making a profit of $60,000, without handling a cent. He thought that this General Assembly could not exercise too much prudence in guarding this property of the State, which was set apart for the education of the youth of the State.

Mr. Foster withdrew his motion to postpone indefinitely.

Mr. Laflin said it did not become any Republican to support this bill, as it showed a want of confidence in the Board of Education, and he was sorry that the matter had been started by the opposite party.—He had every confidence in the Board of Education.

Mr. Argo said that he was sorry to see from the drift of the remarks of those going before him, that they were endeavoring to make this a party question, &c. He had just came in and knew nothing about the merits of the bill, but thought it a safe principle to conform to the idea expressed in it. He thought it, in fact, obligatory upon the Legislature, to exercise a vigilant supervision over the property owned by the State, in order to prevent, at any time, a sacrifice of it. Not only was it a very safe principle to act upon, but he thought that the Constitution required them to exercise a guardianship over all the property owned by the State, and all propositions looking towards a sale of any of the property should be first submitted to the consideration of the Legislature.

Mr. Ellington moved to refer to the Committee on Education, print and make special order for Monday next, 11 o'clock.

Mr. Malone took the floor in support of the bill, and argued against the motion to refer.

Mr. Moore, of Chowan, favored the motion to refer.

After a long discussion the House refused to adopt Mr. Ellington's motion so far as the referring to the Committee on Education is concerned, by a vote of yeas 37, nays 52.

That portion of the motion as regards the printing and making the special order for Monday next, was, also, rejected by a vote of yeas 30, nays 50.

Mr. Jarvis called the previous question upon the passage of the bill.

The call being sustained the bill passed its second reading by the following ballot:

AYES.—Messrs. Argo, Armstrong, Ashworth, Barnes, Boddie, Bowman, Candler, Carson, Cawthorn, col., Clayton, Davidson, Downing, Ellis, Farrow, Ferebee, Gahagan, Gatling, Gibson, Green, Gunter, Harris, of Wake, colored, Hawkins, Hayes, colored, Hicks, Hinnant, Hodgin, Hodnett, Hoffman, Hornep, Humphries, Hudgings, colored, Ingram, Jarvis, Justice, of Rutherford, Kelly, of Davie, Leary, colored, Malone, Matheson, McCanless, Mendenhall, Moring, Moore, of Alamance, Nicholson, Palster, Pou, Proffitt, Rogland, Robinson, Shaver, Siegel t, Smith, of Alleghany, Smith, of Wayne, Swear, colored, Thompson, Vestal, Vest, Welch, and Williams, of Harnett—60.

NAYS.—Messrs. Cherry, colored, Crawford, colored, Ellington, Forkner, colored, Foster, Graham, Kinney, Laflin, Mayo, colored, Moore, of Chowan, Morrill, Morris, colored, Pearson, Proctor, Rea, Renfrow, Robbins, colored, Reynolds, colored, Seymour, Simmonds, Stevens, Stilley, Sykes, colored, and Wiswall—23.

Mr. Ellington moved to adjourn.

On that motion Mr. Allison called the yeas and nays. The call being sustained the House refused to adjourn by a vote of yeas 8, nays 70.

After a long and confused debate upon various and innumerable points of order and efforts at adjournment the bill passed its final reading by a vote of yeas 50, nays 8.

Mr. Argo moved to reconsider the vote just taken.

Mr. Jarvis moved to lay that motion on the table.

The yeas and nays being called resulted in a vote yeas 51, nays 26.

By consent Mr. Gatling introduced a joint resolution raising a Committee of seven to examine into the affairs of the Albemarle and Chesapeake Canal. Lies over.

By Mr. Matheson: A bill to incorporate the town of Taylorsville in Alexander county. Referred.

Mr. Hinnant from the Committee on Enrolment, reported the following bills as being correctly enrolled to-wit: Bill for the relief of the Sheriff of Alleghany county.

Bill authorizing the Governor to appoint a Mayor and Commissioners for the town of Bondersonville.

Bill in favor of the Sheriff of Ashe.

Bill to incorporate the Littleton Manufacturing Company.

On motion the House adjourned until this evening half past 7 o'clock.

For the Sentinel.

MR. EDITOR.—I have a book in my collection that might be beneficially read by all. It contains many valuable and instructive lessons, the truthfulness of which, transpiring events fully attests. From it I learn the following truth, "wheresoever the carcass is, *there* will the eagles be gathered together." Leaving divines to expatiate on the iniquity and overthrow of the Jewish people, and the mighty gathering of Roman Eagles around the ruins of Jerusalem, I shall confine myself to the evidences of corruption in our midst. In all ages and countries, an assemblage of birds of a certain feather, has been considered evidence of decay, if not of putrefaction. In olden times, when farmers saw a collection of "red polls" on a tree, they very naturally concluded, they were drawn by some stenchy attraction, and were gloating with delight o'er some decaying carcass. They knew the odor of fat, sick animals, was not attractive to the olfactories of such birds. There was another thing our old farmers knew, "that birds of the same feather generally went together."

May we not learn lessons of instruction from the observation and experience of others? May we not suspect a rapid tendency to decay, if not to repulsive rottenness in the body politic, when birds of heterogenious hue, are losing their antagonism in the all absorbing idea of sticking their no-kot bills in the delicious carcass?—Were insatiable Jackdaws, with but little hair on their heads, and less brains inside, are buzza ed into positions of trust and responsibility, where once wisdom and prudence were thought indispensible requisites?

What an age of improvement we live in! Who could have thought the discordant elements of faction could so soon harmonize in the cohesive idea of subversion and plunder? That *original destructionists* would so soon be found "gathering together," o'er the carcass, side by side with the sable birds, they burst asunder the ligaments of this great nation to hold in bondage, and were too mean to fight for? That they, in their eager expectancy for a pull at the carcass, would *as soon* be found boasting of their *eternal* and *unwavering* attachment to the Union? Alas! who can vouch for poor fallen human nature?

With original secessionists I have no quarrel. For some of them I entertain a high opinion. They were simply mistaken in their calculations of success. But for *some* extraordinaries, I have no feelings of sympathy or respect. The *foremost* to dissolve the Union—to kindle the first fratricidal strife—to shirk responsibility, behind office, in the contest—the first to welcome the Iron heel of the invader, and, may I not add, the last to uphold the dignity of the State, by a manly, dignified course. With such characters, I have no sympathy. I cannot have. Taking their positions, with perfect nonchalance, with imported vampires, native born locations, and sable ignoramuses, in the dirty work of State degradation and self-aggrandizement, they are the first to denounce all who do not think it prudent or polite, to descend as low in infamy as themselves. As soon would I expect a prowling night hawk to respect the rights and privileges of a hen roost, as for such men to exhibit incorruptness or consistency of character.

When Philip, King of Macedon, once passed sentence on his subjects, he replied: "I appeal." "Appeal from what?" said the King. "From Philip *drunk*, to Philip sober." How gladly would we hail such a tribunal—the *sober* second thought, to arrest the spirit of corruption now cursing our State.

In conclusion, may I not indulge the hope that the time may come when imported vermin will cease to feed and fatten in our midst? When mongrel legislation will cease; when the sable cloud that has obscured our path way, and thrown the noble spirits, whose giant intellects once gave us proud pre-eminence among our sister States, may disappear before a brighter day of prosperity and glory. TYRO.

MR. EDITOR:—As you are fond of looking into carpet-bag matters, suppose you look into *carpet matters*, without the *bag*.

Why is it that the figures on the carpet in the Secretary of State's room are mismatched?

Why was not the carpet extended under the desks in his room?

What become of the large roll of new carpeting left, in carpeting the rooms of the Capitol?

How does it happen, that the parlor of the Secretary of State is identically the same as the carpeting of the Capitol?

Make the inquiry, and oblige a citizen of Raleigh. CIVIS.

[From the New York World.]

THE NEGRO VERSUS WHITE IMMIGRANTS.

Curiously enough the threatened "antagonism of races" proceeds first from the new y manufactured colored citizens of the South. Curtis Pollard, represented by the New Orleans *Bee*, as a "coal black negro, with kinky hair, thick lips, and feet the size of a sauce-pan," and actually representing the parish of Madison in the Senate of Louisiana, has made a speech in which he declared that he was not in favor of immigration—that there were enough immigrants here already, and to invite more was to crowd out such as he." Thus does Pollard express his repugnance to the immigration of carpet-baggers, who may crowd him from the Senate, and to the immigration of white laborers, who may yet crowd him from his more legitimate "field" on some cotton or sugar plantation.

ANOTHER LYNX.—The impression that the lynx killed in Powhatan county a month or two since was a solitary specimen of his family, and must have escaped from a menagerie, is incorrect. A gentleman on Seventeenth street has the stuffed skin of one that was killed in King William county a month or two since, and it has the same color, is about the same size, and has the tufted ears of the Powhatan specimen.—There must be many of them in this latitude, consequently, the impression that this animal is a denizen of the extreme North, is incorrect.—*Rich. Examiner.*

W. F. PATRICK.—From a private letter received in this place, we learn that the above named man has been sentenced to ten years in the South Carolina Penitentiary for the murder of a man in Orangeburg county, S. C. It will be recollected that Patrick was arrested in this place last Fall.—*Rutherford Star.*

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its compositions. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and renders them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of the *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Throughout a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a protection against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for these.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

To the People of the Southern States.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Schiedam Schnapps, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, its proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to prostrate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirits ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to ten thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the United States promptly responded. Their opinions of the article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, as no reliance could be placed on the culinary liquors of commerce, all of which were more or less adulterated, and therefore unfit for medical purposes. The peculiar smoothness and strength of the oil of juniper, when formed one of the principal ingredients of the Schnapps, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diuretic stimulant as a numerous, tonic and restorative.

These satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the Schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label also cover, his name and that of the preparation were entered on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of Schnapps prior to the introduction of Wolfe's Schiedam Schnapps, in 1861; and the label was deposited, as the trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed that a preparation unacquainted with the daring counterfeit of the purses, who prey upon the reputation of honest labor, immediately following Schiedam Schnapps, would have escaped the attentions of these harpies; but the instrument which his Schiedam Aromatic Schnapps alone received from the medical profession was soon cracked by base fashion followers; the bottle and label have even been, like nevertheless parts, imitated, in circumstance, so, as, also, to deceive the unwary. Strange infatuation, after discovering of the genuine contents of the bottles, have filled them up with common gin, the most contemptible of all liquors, and then made his name and brand a cover for fraud.

The public, the medical profession and the press, for whom the counterfeit Aromatic Schnapps is pernicious as a fallacy, are equally interested in the prosecution of the detection and suppression of these infamous practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a variety of the finest quality, and flavored with an essential extract of the berry of the Italian juniper, of undoubted purity. By a process known to the proprietor, it is freed from every acrid and corrosive principle.

Complaints have been received from the leading physicians and families in the Southern States of the use of cheap imitations of the Schiedam Aromatic Schnapps in those markets; and true-hearted, who are in the habit of using it as an antidote to the baneful influence of unwholesome river water, tonely that cheap gin, put up in Rotterdam bottles, is frequently palmed off upon the unwary. The agents of the undersigned have been requested to institute inquiries on the subject, and set forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In consequence, the undersigned would say that he has procured, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the Schiedam Aromatic Schnapps; that he has expended many thousand dollars in surrounding it with guarantees and safeguards, which he designed should protect the public

WYMAN, THE WIZZARD.—This distinguished man—Wyman, the Wizzard—known throughout the Union, as the most successful slight-of hand performer, in existence—not excepting any one, will, after an absence of ten years from the city, visit us again this week. [See advertisement.] The youth of the city—the old men, who like to indulge in a *smile*; the beauty of the city, yes, every body, will go to see the *wonders*, as only Wyman can present them.

The distribution of gifts, at the close of each night's performance, is a new feature, and an attractive one, and never fails to be productive of much fun.

The Rev. T. H. Pritchard, of this city, lectured in Goldsboro' on Wednesday evening, the proceeds to be devoted to the support of young men prosecuting their studies at Wake Forest for the ministry.

REV. J. C. HIDEN, To-NIGHT.—The reading by the Rev. J. C. Hiden to-night, at Tucker Hall, will, we doubt not, attract a large crowd—at least, his reputation, warrants us in saying, that the entertainment for this evening, will equal that of Monday evening. We copy from the Wilmington *Journal* and the *Star*, the following notices:

REV. MR. HIDEN'S READINGS.—The entertainment given by this gentleman last evening, was attended by an appreciative audience. As a reader, he has established an enviable and lasting reputation, and as a minde, he possesses peculiar powers. It is really a treat to hear him, and one which an intelligent audience know how to appreciate.—*Wilmington Journal.*

REV. J. C. HIDEN.—This gentleman delivered, last evening, his noted readings and recitations to an auditory that enjoyed a treat rare and good. To praise the entertainment would be but to repeat a deserved eulogy, which has been spoken by the Virginia press; therefore we will only add, that he satisfied an expectation which had attained a high standard.—*Wil. Star.*

A MEETING of the members of Hook and Ladder Company, No. 1, will be held at the Mayor's office, on Tuesday evening the 2d. of March, 1869, at 7 o'clock P. M.

A full attendance requested.

THE LAND WE LOVE, for March, is promptly before the public, filled with interesting, historical and amusing matter. We learn, from this number, that Gen. The new Magazine will contain 128 pages, and each number a steel plate engraving.

NORTH CAROLINA LAND COMPANY,
Raleigh, March 1st. 1869.

Mr. Editor:—As we have been laboring, since the organization of our Company, to get the fare reduced from New York, where parties desire to immigrate to North Carolina, and as the arrangements are now completed by which they can travel over the Railroads at TWO CENTS per mile, you will please publish the following, taken from the New York *Herald* of the 26th. ult., for the information of parties desiring to come to this State.

Yours Very Respectfully,
R. W. BEST,
Sec. & Treas.

IMPORTANT TO SOUTHERN IMMIGRANTS.—The Southern Railways, at a Convention held at Atlanta last month, resolved that excursion tickets or certificates be issued to parties desiring to visit the South with a view to permanent settlement or investment, said tickets or certificates good over all roads agreeing to the same; and the chairman of a committee has arranged to place these certificates in the hands of responsible ticket agents in the principal cities of the Eastern, Middle and Western States.—It is stated, and no doubt truthfully, in a circular before us, that the territory embraced between the Potomac, Ohio and Mississippi rivers and the Atlantic Ocean and Gulf of Mexico is not surpassed on the globe, whether for permanent residence or for profitable returns on capital and skilled labor. Most of the fruits and all the grains known can be profitably cultivated. The central and elevated region includes portions of Virginia, North and South Carolina, Tennessee, Georgia and Alabama. The most central and elevated portion is regarded by fruit growers as one of the best locations in the world for fruit production. The country abounds in deposits of gold, iron, coal, copper, thirate, granite and slate; has immense water powers, in many instances located in the midst of the great cotton producing belt, of which much is undeveloped. The forests are of almost limitless extent, and embrace all varieties of wood. The productions of cotton, rice, sugar, oranges, and, in the more elevated regions, grain and stock is well known. Labor and capital can nowhere else better invest their surplus. To afford persons desirous of examining all this in person and to judge for themselves whether these great advantages are justly claimed or not, a large number of the railways traversing that section have agreed to reduce their fare to such economists as propose to invest capital or settle to two cents per mile until July 1, 1869. A large number of the hotels have also agreed to deduct one third from their usual rates for the same time. For actual settlers the fare has been reduced to one cent per mile per head for all ages, allowing eighty pounds of baggage per head.

The following letter, addressed to the Rev. Thomas H. Pritchard, pastor of the Baptist Church, in this City, will explain itself. We give place to it, in the hope, that the desired information may be obtained. The object of the Rev. Jno. L. Johnson, is praise worthy, and we trust his efforts will prove successful.

The Rev. Dr. Pritchard has signified his willingness to aid in the work, and any information communicated to Dr. P. will be forwarded to the Rev. Mr. Johnson.

State papers are requested to copy or notice.

NORFOLK, Va., Jan. 1st, 1869.

Rev. Thomas H. Pritchard, D. D.:

DEAR SIR:—I have recently begun to prepare for publication a *Book of Memoirs of the men who were educated at the University of Virginia, and lost their lives in the military service of the Southern Confederacy.* This work was suggested to me years ago by the grief which I experienced at the loss of so many, one after another, of my personal friends among this class of men. That the task which I have assumed is a difficult one, I am painfully aware; that other hands, more competent to its performance, might be found, I am not ashamed to believe. But other hands have not volunteered to undertake it, and it were better done imperfectly than not at all.

The feeling which prompts me to attempt it will, I am assured, be fully appreciated by thousands scattered over this Southern land, who proudly greet the UNIVERSITY OF VIRGINIA as their ALMA MATER; who are refreshed, after the lapse even of many years, by the memories of the joyous student-life spent under the shadow of her classic walls. For they are still "*quam fluctus diversi, quam mare conjuncti.*" The tide of blood which rolled its deep, dark waves over all our borders, has not swept away the feeling of Fraternity. Rather has the common heritage of suffering strengthened, given new vigor to that which sprung into life in the night of prosperity, and they, who have passed safely through the perils of war, are more than one than ever before.

With this conviction I address you, in the confidence that you will second the effort to honor the memory of those of our fellows who cheerfully laid even life itself upon their country's altar. It is due to the country that something be attempted; these men were her pride and her promise. It is due to the University that a record be made of her dead—living, they honored her, as students, as citizens and soldiers.—It is due to the dead themselves that we mark their graves and scatter flowers about them.

If you are willing to aid in this work, which cannot be done satisfactorily without your help, the following will indicate how you can do so most efficiently:

1. Give me the names of the men of the class referred to above, who belonged to your *immediate section*, and as far as possible, to your native State.

2. Supply me with whatever details you can of the personal history of any one of these, or, indeed, of any who were not residents of your State; such e. g., as age, time and place of birth, full names of parents, family connection, boyhood, life at school and college, career in the army, rank, promotion, battles participated in, time, place and circumstances of death, and any incidents illustrating character. *You need not fear being too minute; the danger is that you will not be sufficiently so.*

3. Furnish names and postoffices of men who would probably be able and willing to give me information of the above character.

4. Send all obituaries and newspaper notices of these men. They will be returned if you desire it.

It is proposed to publish but a thousand copies of this work, at first. Its reception by those for whom it is especially intended will decide the question of an enlarged edition. The probable price will be $3.00 for a small-octavo volume of some five hundred pages. Should you wish it, your name will be placed upon the subscription list. Address,

REV. JOHN L. JOHNSON,
Box 106, Norfolk, Va.

P. S. As an old student of the University of Virginia, and my friend, I safely rely on you to aid me in procuring information respecting her sons in North Carolina. I have but two names from that State—L. A. Henderson, Salisbury, and C. E. Riddick, Gatesville. J. L. J.

UNIVERSITY OF VA., Feb. 23, 1869.

MR. J. TURNER—*Dear Editor*: As we boys occasionally receive a number of your bold *Sentinel*, it recalls, vividly, to mind, some happy days spent at that *once* lovely place, dear old Chapel Hill—dear no more, only for antiquities' sake, and the many illustrious characters that gave reputation to that dear matchless spot in your youthful days. I understand you were there, if so, you are not insensible to the fact how much nature has done for that charming hill, and then the handy work of man, erecting those towering pillows that rise in grandeur, stand, but like pillows of ancient Rome, will soon totter to decay. Oh! North Carolina! Melancholy thought! We, however, have, by of way consolation, some noble boys from your once proud, prosperous State, now in our midst, and are with us in soul and sentiment. Mr. Chas. F. McKesson, of your State, has been elected and selected orator of the Jefferson Society, to deliver the address on the 13th of April, the birth day of Thos. Jefferson; and Mr. J. Jeffries, of our State, orator of the Washington Society. As these are both gifted young gentlemen, of the highest grade in genius, moral worth and cultivated intellect, nobly representing their respective States, can you not, my dear sir, honor them, our Professors, and ourselves by your presence on the evenings of the 12th and 13th of April?—You will meet with a truly cordial welcome, and many heart felt grasps of the hand. The Jefferson Hall will be illuminated with over 300 brilliant gas lights and 500 brilliant stars the latter includes female beauty. Now, Josiah, Jr., come, if you can.

Yours, truly,
A TRUE VIRGINIAN.

IN.—We are requested to state that a benevolent gentleman will give five dollars to any good looking young woman with a name ending in y, who will never use the termination *is*. He thinks the latter affected, senseless, and in bad taste. He says he once loved a girl named Fanny or Lucy—he forgets which—and he broke off the engagement because she signed herself "Yours only, Fannie"—or "Lucie"—he forgets which.—*Richmond Examiner.*

SOUTHERN OFFICERS IN CUBA.—The New York *Times* says that an able engineering officer, who was chief of staff of one of the prominent Generals of the army of the Southern Confederacy, left this country for Cuba some time ago, to take a leading position in the command of the Cuban revolutionary forces.

On Wednesday last, at the Democratic Congressional Convention, for the first district of Connecticut, held at Hartford, Hon. James Dixon, U. S. Senator, was nominated for Congress on the first ballot, receiving sixty-eight votes of the seventy in the Convention.

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES, INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

SELMA, JOHNSTON Co, N. C.,
February 25 1869

My attention is called to the advertisement of E. G. Hill, in yesterday's *Standard*, offering to sell my interest in certain property to satisfy an Execution in his hands, and inviting capitalists to the sale

It is contemptible fellow, Hill, who kept out of the Confederate service upon the ground that he was not a citizen of the United States, strange to say, was permitted by the Commissioners of the County to qualify as Sheriff upon giving an insufficient bond in the sum of five thousand dollars. This Execution, which his mean, low nature prompts him to blow about and advertise, is for the sum of $20 and odds; it was sent to him from Wayne County, where judgment had gone against me by default, in my absence, and instead of presenting it to me for collection, which any other man but himself would have done he has never said a word to me about it, but used the high office of Sheriff, acting under a five thousand dollar bond, to gratify the spite and hatred which he has for all white men, and especially "gentlemen" for whenever he has any papers against such, he shows them to every one and the public in which he comes in contact.

This is only put in for the benefit of those who do not know the man. Capitalists, who wish to invest, can do so privately, as I have a large number of Lots and Land unencumbered in any way which I—not Hill—will sell to them.

WASHINGTON, March 1, M.

SENATE.—A bitter contest occurred over a motion to erase the name of Gen. Asa Rogers, Auditor of Virginia, from the disability bill. Nye said, Wells decided to sell Virginias Internal Improvements at a sacrifice. Auditor Rogers was an obstacle to the job, hence, he desired to retain his disabilities, which could remove him.

Trumbull said, of the Grant and Colfax Clubs who remonstrated against Rogers' relief, that if the Senate is to be governed by Grant and Colfax Clubs, the Senate had better dissolve. The discussion was interrupted by the regular order—appropriation bill.

The House is considering the right of the Secretary of Interior to restore the Washington relics to Gen. Lee.

The Reconstruction Committee agreed to report bill removing political disabilities without amendment. There are three bills pending; one on which reconstruction passed as above, is the one which contains the name of Judge Parker, of Va., and Gen. Moorman, of Miss.

It is almost impossible to move through the Capitol, on account of the crowd, and every train brings recruits.

FROM WASHINGTON—SEWARD RETIRES FROM THE CABINET ON THE THIRD—ARRIVAL OF BROWNLOW—HE WAS SHOT AT AT CHARLOTTESVILLE—GEN. GRANT'S VISIT TO THE HOUSE—PICKPOCKETS ARRIVING, &c. &c.

WASHINGTON, March 1, P. M.

Provisional Governor of Mississippi, Ames, is here.

Farnsworth, of the Reconstruction Committee, says that nothing further will be done this session relative to the removing of political disabilities.

Internal Revenue to-day was one million and a quarter.

Seward announces, publicly, his retirement on March 3d.

Fessenden is prominent for the President pro tem of the Senate.

Senator Brownlow, with an escort of twenty persons arrived. They say that a man attempted to shoot Brownlow at Charlottesville Virginia, but the pistol was wrested from the ruffian by a party.

The Supreme Court decides adversely to the value of the War Department obligations known as Floyd's acceptances.

A delegation of Southern representatives waited upon Gen. Grant to-day.

Whitmore, Obnurnia, stated that they had called to make known to the General the confidence of the loyal people of the South in his administration, and to acquaint him with the condition of the affairs and wants of the people in those States, and their indulgence of the hope that their section would be remembered by him in the selection of his Cabinet.

Gen. Grant in his reply, stated that he was glad to receive them, and assured them that under his administration, he would endeavor to have affairs satisfactorily conducted in the South, but gave no intimation as to what his intention was in reference to a member of the Cabinet from that section. He stated that military matters in the South would be changed, and Commanders assigned to duty there who were in sympathy with the administration.

In reply to a question as to whether General Sheridan would be placed in command at New Orleans, he stated that that officer would probably remain for the present in the West, where he had been so successful in quelling the Indian disturbances.

Farragut will be here to-morrow.

Notwithstanding rebuffs, office-seekers swarm at Gen. Grant's Headquarters. He considers his office of General of the Army terminates with his oath of office as President.

The following is the *Tribune's* account of Gen. Grant's visit to the House on Saturday:

"Gen Grant came down to Congress on yesterday and had a talk with Representatives Boutwell and Griswold. It was immediately hinted that Boutwell and Griswold were going into the Cabinet, but it appears that the General only wished to consult with those gentlemen about some legislation in regard to the reconstruction of Georgia. The General is also desirous that no provisions will be made in the army bill which will prevent him from nominating Sherman to be General, Sheridan to be Lt. General, Schofield to be Maj. General, and Reynolds and Sickles to be Brig. Generals."

The Committee of five from Mississippi representing the extreme Radicals are much discouraged with the course of events. They have been here many weeks working hard but the current seems to be against them.

Many pickpockets have arrived.

CONGRESS.

WASHINGTON, March 1, P. M.

In the House was introduced, under the regular call, a bill granting lands to the Tennessee and Coosa Railroad.

Several bills relieving political disabilities were introduced.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced are made as favorable to the insurers as those of the best National Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the issuer are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the TONTINE PRODUCING POLICY and RETURN PREMIUM POLICY. In the LATTER, the Policy-holder not only receives a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent.) of the par of his policy. In the latter the Company agrees to return to the insured the total amount of money he has paid in in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most powerful opposition from old and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a course of violence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurers and other journals to try and check the rapid progress of the National, an unsuccessful attempt was made in Congress to repeal the charter, which action but accelerated its speed for since then the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

CAPITAL OF THE STATE,

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph, will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the Low PRICE of the article places it within the reach of every family.

The Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

All orders must be addressed to

What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them as is, puff and blow, but STOP, LOOK AND HANDS OFF! and show your good judgment by
